**FRUIT CROP CERTAIN
TO BE BOUNTIFUL ONE**

People Have Plans Laid To Get Away From Use of Sugar In Canning—Evaporation Substituted.

The Georgetown (Ohio) News-Democrat says:

The general impression is that there will be a larger fruit crop this season than there has been the past few seasons. Even cherries, which were said to have been destroyed, are going to make more than a half crop. Where bloom appeared after the frost it is found alive. Some people say that a second bloom has appeared upon their trees which is for making fruit. Apples and peaches are a heavy bloom, while small fruit have a satisfactory prospect.

People are already discussing how this coming crop shall be made ready for winter use without being compelled to use sugar. For a time the price of sugar made a condition which prohibits preserving but many have decided that what they need will be dried. They are familiarizing themselves with the best methods for drying this fruit. Wherever possible canning will be undertaken by the cold water process and this, with the evaporation process, means that there will be enough fruit made ready for winter use, even though sugar continues at the unreasonable prices which are now asked.

IN BROWN COUNTY**

Prominent Brown County Farmer Died of Heart Disease While Plowing On His Farm.

George W. Lowe, aged 60, a well-known farmer of Brown county, was found dead in a field on his farm Thursday by his brother, T. R. Lowe. The deceased lived alone and Milton Stiers went to his place Thursday morning to see him on some business, and not finding him at home, started to look for him when he was joined by Lowe's brother, who later found him lying in a newly-plowed field where he had fallen the day before, as he had been seen plowing there by neighbors. The team was found some distance away, with part of the harness gone. There were indications that Lowe had the lines around his shoulders when he overcame.

**LOCAL PICTURES AT THE
WASHINGTON TONIGHT.**

Manager Russell, always on the lookout for something better than he had before with which to please his patrons, has an added attraction at the Opera House tonight that is a hum-dinger and should draw a big crowd. He will show pictures of the Marksbury trial, having numerous scenes of that sensational affair, and will also show the recent bicycle parade that was given here, together with the Maysville monthly picture. These, with the regular picture, Anita Stewart in "The More Excellent Way," and a good comedy, should give him a packed house at both shows.

**FORMER LOCAL

Engagement and Approaching Marriage of Miss Edna R. Dawson and Mr. Dana Helmie Chappellear Is Announced.

The Portsmouth (Ohio) Times in a recent issue announces the engagement of Miss Edna R. Dawson, daughter of Mr. and Mrs. R. L. Dawson formerly of this city, to Mr. Dana Helmie Chappellear, of Zanesville, Ohio. Many of our readers will be interested in reading the following as Miss Dawson is well known in this city:

"The engagement and approaching marriage of Miss Edna R. Dawson and Mr. Dana Helmie Chappellear of Zanesville was announced at an evening bridge party given by her sisters, Messrs. J. P. Russell and Walter Gableman, at the home of the former, 1502 Jackson street, Monday evening. The living room was made beautiful with graceful festoons of sordana and dogwood, while pink potted plants and bowls of valley lilies were used in the dining room to carry out the color-scheme of pink and white. The guests included the special friends of the bride-elect, who enjoyed the game of bridge during the early part of the evening, after which they were invited to the dining-room, where the table was aglow with pink Killarney roses in the center, surrounded by soft pink shaded candles. Above this, radiating from the chandelier, a festive effect was formed by the streamers of pink and white tulle terminating at each place, which carried the interesting announcement on the rose-decorated place cards: Dawson-Chappellear—June 16, 1920. The bride-elect was showered with congratulations and well wishes by those present. Favors at the two-course luncheon were baskets of roses, which made each place distinctive.

"Miss Dawson is the attractive daughter of Mr. and Mrs. R. L. Dawson of Jackson street, and is one of the popular teachers at the Garfield building. She is a graduate of the local High School and attained an A. B. degree at the Hollins College, Hollins, Va. "Mr. Chappellear is the son of Mr. and Mrs. Charles Chappellear of Zanesville, where he is associated in business with his father, who represents a tractor company, selling these and other motor supplies for the farm. Mr. Chappellear enlisted in the aviation corps during the war and was stationed at Dayton."

**LAST LIVERY HORSE
TAKEN FROM SERVICE**

Georgetown, Ohio, Now Is Without a Single Horse For Hire, For the First Time In Its History.

"Old Aunty," the last livery horse in Georgetown, was sold by Mr. W. R. Waters last Saturday, leaving the town without a livery horse for the first time in its history. Georgetown in years past was one of the best points for the livery business in the county, supporting four and five livery stables, keeping horses for hire. Traveling men were conveyed regularly to points in the three counties, many trips taking them to even the neighboring counties across the river.

Those who remember the years gone by tell of the great pride taken by those conducting livery business, in the outfits which were turned out. The number and class of horses, and the style of conveyance was a matter of great pride. Beside this there was the sleighing equipment. At the Waters barn, which now has disposed of the last horse, there are those who can remember when upon the second floor the row of sleighs kept reached entire-around the building. They rented in the sleighing season for one dollar an hour, which means when compared with now, five dollars an hour.

But all of this has changed. People commenced demanding quicker transportation facilities with the coming of the automobile. Here and there carriages sprang up. Livery barns closed their doors and quit. The price of feed advanced and Mr. Waters stated that by actual calculation it cost \$1.15 per day to keep a horse in the livery barn. For this reason he sold "Old Aunty."—News-Democrat.

Information was received by friends here, this morning, stating that Mrs. Shelby Wilson, of Eminence, formerly Miss Fannie I. Gordon of this city, had the misfortune to fall and fracture her limb, between the knee and ankle. The details of the accident were not given. It will be remembered that Mrs. Wilson was painfully injured several years ago when she fell and sustained a fracture of the hip, from which she has, never entirely recovered. **DYNAMITE CAP HELD
BY BOY EXPLODED**

Lewis County Lad's Hand Terribly Mutilated—Says He Got the Cap From a Schoolmate.

The Vanceburg Sun says: "Sunday about 3 o'clock Noble, 12-year-old son of Mr. and Mrs. J. H. Prater, of Southern avenue, had his left hand terribly mutilated, when a dynamite cap exploded in his hand. Not knowing the nature of the cap, he held a lighted match to it, which set it off with disastrous results to himself. Drs. Henthorne and Foreman were called and placed the lad under an anaesthetic and then removed the torn shreds of flesh and dressed the wound.

The main force of the charge took effect at the base of the middle finger, which will no doubt be stiff, (if not amputated) and possibly the fingers on either side of it. It is to be hoped that that dreaded infection tetanus (lock jaw) does not set up.

It is said he was given the cap by a school mate. Parents had better see to it that their children do not handle so dangerous an explosive.

We learn that last fall Miss Ina Sanders swept one of the caps up off the floor at home with sweeping and threw all in the coal bucket. Later a shovel of coal carried with it the cap and shortly an explosion tore a hole in the stove.
